Your Astro-Forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 1993 (June 15, 1993 to July 15, 1993)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength; we can call this date the "peak date". The influence starts on the beginning date, gradually increases in strength until the peak date is reached, and then it gradually fades out until the ending date is reached. An influence may last for as little as a week to as long as half a year or so.

You may also notice that the same interpretation shows up periodically during the year; this is not unusual. In some cases the beginning and ending dates of the 2 influences are the same; the only difference between the 2 interpretations is the peak date. This means that this particular influence has two peak dates instead of one. It is even possible for there to be three or more peak dates for the same astrological influence. To eliminate redundant interpretations, you may be informed that the astrological influence also occurred earlier and that you should refer back to the previous occurrence of this interpretation.

You may be wondering what the funny abbreviations after the dates are. For example, you may see "Sat Conj Plu", "Ura Trine Nep", etc. These abbreviations are given for the benefit of astrologers and they show the astrological factor that is in effect.

We hope you enjoy your Astro-Forecast. For the benefit of astrologers, some technical details are given below.

May 1, 1996 (Apr 22, 1996 to Oct 12, 1996) Sat 4th H.

Saturn has entered your 4th house now. The purpose of the planet Saturn is to teach us and help us to mature in the houses associated with Saturn. The stronger we resist these changes, the stronger the effects will be felt until we submit to a more structured way of life.

The domestic front can become quite interesting now and anything you have been putting up with but not handling very well will be dealt with now. The home may become a huge burden because of repairs that have to be made or mortgages or rent that you are having difficulties paying. You may assume a parental role for others or have to care for an elderly person. This is a time for emerging from a dormant state. If Saturn makes a difficult aspect while transiting the 4th house, you may experience some depression or domestic problems can become overpowering.

May 4, 1996 (May 2, 1996 to June 3, 1996) Mars 5th H.

Mars has entered your 5th house now. Mars is the planet of intense activity and the house it occupies by transit shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy.

Sex and lovemaking energy is very high at this time and the potential for accident is present for yourself and children. Children may require more than normal attention now and be careful that family members are not neglected.

Gambling and speculative ventures are not favored as a certain discipline will be lacking in your life. Sexual jealousy or frustrations are possible, so try to take the "edge" off by engaging in dancing or physical activity. You can be somewhat crude or invite physical harm to yourself now, or on the other hand you may get involved in a sudden and impulsive love relationship.

If Mars makes a difficult aspect while transiting the 5th house, then your behavior can be characterized as undisciplined to say the least, especially in social situations. There is also a tendency to choose entertainment that is exciting, or watch horror or action movies now. Be careful swinging on that "jungle jim", you might fall and hurt yourself, even if you are 87.

May 6, 1996 (Dec 10, 1995 to June 12, 1996)Plu Oppos Moon

If you have been in relationships for a long time, they will be very confusing now as you may be experiencing contradictory feelings which will greatly affect those around you.

Manipulation of others will only result in breakups of relationships, so take a good look at the root of the problem. It may be something that you have been carrying around with you for a very long time.

You will experience a loss of feelings when trying to express sentiments from the past or broken attachments with others and there will be a high degree of confusion and uncertainty around women in your life. You may notice that you are retaining water or fluids in the body as well, moreso than usual.

You will experience intense experiences and changes in your emotions and past memories will have a way of affecting present conditions. Power struggles and manipulations to and from others possible. The three emotions that prevail now are guilt, jealousy and outbursts.

This is not a favorable time for joint finances, inheritances, taxes or alimony. This is a time of readjustments and severing old emotional ties. You may hear of the death of someone as well at this time.

May 13, 1996 (May 12, 1996 to June 2, 1996) Sun 6th H.

The Sun has now entered your 6th house. But what does the monthly position of the Sun mean to you and how will it effect your life at this time?

This is a time allocated for work and tasks that require clear and sharp thinking, any services rendered to others, promotions on the job or recognition and appreciation for your work and the ability for being an authority. This month does not favor love relationships of any kind. Look at the aspects to the Sun this month to see what you will accomplish. Also note where your shortcomings will be found by difficult aspects to the Sun. Traditionally the house of work, you may employ new methods of improving your skills.

May 17, 1996 (May 17, 1996 to June 6, 1996) Merc 5th H.

Mercury has entered your 5th house. Transits of Mercury point to areas of interests in our lives at specific times, health matters or where our thoughts are during any given time.

Communications with romantic partners can go on for hours. Expressing yourself, communications, reading, writing or mental games played with others, playing the stock market, playing jokes on others or using your mind to beat the odds at the race track are all emphasized now. If Mercury makes a difficult aspect while transiting the 5th house, the idea of having fun can come between the work matters at hand, or bring on a short bout of ill health.

May 22, 1996 (Apr 3, 1996 to June 4, 1996)Jup Sesqu Moon

Don't make promises to anyone at this time that you cannot keep, no matter how sincere your intentions are. It will be easy to overextend your abilities during this transit and domestic projects undertaken now will be more costly than you realized and can have you scrambling for money to do the job. Prices quoted for work done on the home can increase SIGNIFICANTLY, so it would be better let it go until another time.

If you are comfortable at this time and have some extra money to do projects, PLEASE let them go, as projects spur other problems, only costing you more money and leaving you short having to scrape up money. As an example, the author of this

material wanted to put stone down in his driveway as a beautification project. All went very well until the dump truck delivering the stone fell through the septic tank, costing an extra \$800. which was not in the budget for a \$200. job. Get the point?

Other people can become very dependent on you now which can be a real burden unless that happens to be your particular field of work to begin with. Business matters are not your forte because your expectations are very unrealistic and will NOT be met. Overeating and putting on weight are real dangers if you are trying to diet, but on the other hand, since Jupiter rules expansion and the Moon rules the stomach, you may not feel like eating to begin with. You will be more conscious of security matters for the home and taking care of others will become more important.

There may be some problems with the digestive tract and you might notice that your dreams are a lot more vivid than normal, while making no sense at all.

You may notice an inability to think or act clearly because of great emotional responses to your environment and you may also meet someone who may be very sensitive themselves, thereby creating a greater need to be nice! There can also be some slight problems with your vision.

Business and financial efforts should not be forced in any way as losses can result. Postpone new ventures, travel, educational endeavors, legal matters and negotiations for another time. New friendships will be difficult to form and social encounters will be disappointing.

Be careful of too much partying, drinking, extravagance, prejudices and dealings with women as they will not turn out well. Do not change your residence at this time, as it will be a cause for regret later.

May 22, 1996 1 PM(May 20, 1996 to June 4, 1996) Merc Sxtil Nep

People in public relations fields will be filled with inspiration now, so let inspiration be your guide. Heightened intuition and creativity can take you into unknown areas for exploration, so follow your hunches, you never know what genius lies inside you. The magic of make believe can influence creativity, so don't let anything pass you by.

You may find a good luck charm, or it may find you. Meditation now can reveal some wonderful answers to your questions, so be sure to put some quality time aside to do so.

Make agreements, sign documents and travel now, they are all under favorable times now. You have the ability to sense coming events now and spiritual awareness is very strong. This is an excellent time to make some plans in advance, with strong yearnings for far off places and people.

This is sure to be a very telepathic, intuitive and insightful time for you. Short trips are favored and you will find that your creative expression is on an unconscious level. Secret information and investigations into something you have been curious about can be accomplished now and you will find that you have a very metaphysical type of mind temporarily, interested and fascinated by science fiction.

Always read everything before you sign, as you can get lost in a day dream and miss the fine print. The study of mystical subjects is favored and you can be the channel for a spiritual source, so open up a channel and await further instructions. Photography, drawing and painting are all favored as well.

May 30, 1996 (May 30, 1996 to Nov 22, 1996) Jup 1st H.

Jupiter has entered your 1st house now. Jupiter tends to expand your efforts and brings good fortune and positive change to the house it occupies.

Begin new projects and activities now and opportunities come for expansion of career and in the weight department. People and resources just seem to find you and you should take advantage of the circumstances. Spiritual interests increase and an interest in education, philosophy and religion and a desire to travel will occur. One danger is an over inflated sense of self importance that can get out of hand. If there are difficult aspects to Jupiter while it transits the 1st house, there can be a "holier than thou attitude" adopted which will surely get you into trouble.

You will feel lucky during this one year transit and promotions can have your name on it. Relationships are very favorable and you will find it an appropriate time to approach people for favors. This is a wonderful time to become a leader or famous in some way. You will exhibit a very confident attitude which will help you overcome any adversaries. One disadvantage of this transit is weight gain. Investments and speculation should render positive results as well.

May 30, 1996 5 PM(May 29, 1996 to June 1, 1996)Mars Sextil Nep

This transit presents the ability to see beneath the surface in all issues, as you seem to be more guided by intuition than reason. Activities that go on behind the scenes are highlighted now and creative talents can help to advance your career.

This is a time for spiritual healing, both given and received and charitable work is the key to happiness here. Watch overeating, not while you are doing it, before you do it. Defending the truth will be an issue for you now somehow and this will prove to be a very active and productive cycle that lasts but a few days, so make the best of it. Your will power is strong now, and you will be very determined to accomplish something.

This is a very favorable time for pleasant entertainments, good hearts and spiritual enlightenment and they can be found among good friends partaking of good food, conversation and companionship. Your imagination may have a positive effect on the creative process, so use that creative process to make another masterpiece of some kind. Devotion to prayer and spiritual aspirations is likely to be a positive outlet for you now.

May 31, 1996 7 AM(May 30, 1996 to June 1, 1996)Sun Sextil Ven

Ah, love, sweet love. This is a superlative time for romance. Be affectionate to everyone and don't forget that favorite pet of yours. Are you awaiting any financial negotiations? The outcome looks very favorable now. Prosperity surrounds you with this aspect and you may get a cost of living increase that you weren't expecting, or a pay raise. Popularity will be apparent with the opposite sex, or people in general.

Romance and marriage possibilities come under the Sun's rays now and perhaps you will decide to get engaged or married now. One of the positive effects of this transit is that people who haven't taken notice of you before suddenly notice you. This is a time of increased attractions to others at this time and you will also find that finances are favored as well.

June 1, 1996 5 AM(May 30, 1996 to June 2, 1996)Mars Trine Ura

Cultivate new skills now that can bring rewards into your life later. Once in a lifetime chances can bring rewards to you somehow and provide pleasant stimulation in the process. Creative brainstorming can bring new projects and a source of income to you and it seems that opportunities seem to come from out of the blue under this transit. Opportunities can come to partnerships that allow them to advance and grow.

Inventions or research done at this time may spark a breakthrough in some area. Your desire for independence is high and bursts of sudden energy and action may take you by surprise. Auto or electrical problems can arise suddenly.

Go off the beaten path now with unexplored ideas as positive personal change is possible. Your will power will be very strong at this time and you will be very determined to accomplish something. The need for freedom is stronger than normal and premature acts should be avoided. Being at the right place at the right time can bring some very favorable opportunities or benefits that can come from others.

June 2, 1996 12 AM(May 20, 1996 to June 4, 1996) Merc Sxtil Nep

This astrological influence (Merc Sxtil Nep) also occurred on May 22, 1996 (peak date). Please refer to this date.

June 2, 1996 2 AM(May 30, 1996 to June 4, 1996) Ven SSqr Ven

This is a MINOR influence and aspect, but it can take on much more importance if it occurs at the same time as other negative aspects.

When you go out, leave the credit cards at home. Don't try to work things out in relationships now unless you want to find out how weak they are, or where the weaknesses lie. The things you buy are likely to be out of character and somehow gaudy but you will not recognize this until the transit ends, or others point it out to you. After this transit you will probably wonder why the heck you bought it anyway. Eating will increase during this transit, just make sure to eat good things to feel good.

This is not the time to splurge on anything but the necessities of life, and even then, you may be a little short. Relationships will experience a test of sorts, so wait until another day to push any issues. On the other hand pushing issues can show you where the weaknesses in your relationships lie. Your judgment is wrong, wait for another time and reevaluate. The key to this transit is NO EXTRAVAGANCES!

June 2, 1996 5 PM(June 1, 1996 to June 3, 1996) Sun Oppos Asc

Ego conflicts with others that may or may not be able to be rectified. Consult lawyers, doctors and experts in any field you need additional information on, or consult people who have more on the ball than you do. A confrontation with someone is inevitable with this placement. The ego needs gratification in social and romance through appreciation and people noticing you. Be careful in conversations with others, because they will tell you just how big your ego is.

June 2, 1996 (June 1, 1996 to July 8, 1996) Sun 7th H.

The Sun has now entered your 7th house. But what does the monthly position of the Sun mean to you and how will it effect your life at this time?

One to one relationships, friends and agreements, functioning as a unit rather than as an individual, romance with commitment, consultations with doctors, lawyers or

any experts are highlighted this month. Look at the aspects to the Sun this month to see what you will accomplish. Also note where your shortcomings will be found by difficult aspects to the Sun. This is an important time for working with others and not against them, just make sure you make an equal contribution to whatever you work on, including business and marriage.

June 3, 1996 3 AM(June 1, 1996 to June 4, 1996)Mars Conj Node

This will be an extremely busy time for you, when you can make beneficial contacts with people in your environment.

Competition or recognition can arrive in business, profession, politics, sports or activities involving physical exertion. Support may come for any of these activities.

June 3, 1996 (June 1, 1996 to June 30, 1996) Mars 6th H.

Mars has entered your 6th house now. Mars is the planet of intense activity and the house it occupies by transit shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy.

Hard work and accomplishments through work and service to others is emphasized. Conflicts or difficulties in the work place or with the boss or subordinates. Illnesses, infections and fevers as well as accident potential can develop. You are working so hard that you are neglecting your physical health. Co-workers may be irritating and unnecessary conflicts can be fired up. Arguments arise when you do not agree with the boss's wishes. If Mars forms a difficult aspect while transiting this house, there can be health hazards around the work place that can bring the possibility of injury, or your diet can easily affect your health.

June 4, 1996 12 AM(June 2, 1996 to June 5, 1996) Sun Sqr Mars

Avoid crowds and irritating people now because tempers will be hotter than normal and impulsive and intense actions as well as some aggressive attitudes will be in evidence.

You are just looking for a fight now, but are you prepared to pay the price for your quarrelsome nature? Do you think other people around you should be the brunt of your anger? If you are looking for a perfect time to separate from a loved one, this is it! Go for a LONG walk and reevaluate later! Remember, this is a very short transit, but separations is the price for impulsive acts lasts for a long time.

This is a difficult time for romance and gambling. You may have an illness or headache that develops at this time. The Sun is always hot and when it reaches Mars (ruler of the head and house where it is natal) it makes it hotter and natural temperatures and tempers rise.

June 4, 1996 9 AM(June 2, 1996 to June 6, 1996)Merc Trine Ura

Unexpected communications can come and original thinking on your part can develop into wonderful projects. There can be many short trips or a friend may call and invite you to dinner. Dreams can bring new insights into problems and new areas of life.

The mind becomes very curious about all kinds of things, the more way out the concept, the better you will like it. Should you be learning something new, you will pick up the subject at hand with great ease.

Sudden intuitive insights can present marvelous solutions and sudden good news can arrive that takes you completely by surprise. Unexpected short trips that prove to be profitable or information received can be quite different and unusual to some degree. Phone lines can get real fuzzy and spontaneous reactions to situations is highly probable at this time.

This transit favors the opening of formerly unopened doors and breaking the chains that bind you. Creative sparks that occur now should prove very exciting.

June 4, 1996 9 AM(June 3, 1996 to June 5, 1996)Sun Trine Jup

People in high places can be generous to your cause, but remember that sincerity always works best when approaching others. Good fortune may come knocking, so make sure you open the door! Health matters are doing much better during this transit as well.

This transit also favors any legal decisions that have been pending. It is also a wonderful transit to ask favors from others. This is also a favorable time for long distance travel or starting a trip. A lucky break may very well come for you now, so be open to all of the opportunities that can easily head your way. This is an excellent time for all dealings with others, especially in business and educational matters and changes in job and residence can occur. This transit is notorious for putting on weight, so stay away from the carbohydrates and stick to fruit and fiber if you can.

Money may suddenly appear from nowhere now, so enjoy the gift. Hopes and wishes can be granted to you perhaps just when you needed it, but remember to share your good fortune with others. You may become involved in a romance with someone very "foreign" to your ideals with good results. Recognition may also come for work or things done in the past.

June 6, 1996 1 PM(June 5, 1996 to June 7, 1996)Merc Conj Node

Ideas and communications are easily accepted by others at this time and publicity in some form about you can take place. Favors advertising and communications and popularity soars with friends, neighbors, brothers, sisters and associates at this time.

June 6, 1996 (June 5, 1996 to June 22, 1996) Merc 6th H.

Mercury has entered your 6th house. Transits of Mercury point to areas of interests in our lives at specific times, health matters or where our thoughts are during any given time.

A wonderful time for mental work but a difficult time for criticism both to and from others. Expect a fragile nervous system and a bout of anxiety. Health and hygiene concerns are highlighted, and new diets can start now and be effective. If mercury makes a harsh aspect while transiting the 6th house there can be concerns over health matters with family, neighbors or associates. Nerves can become frazzled or an illness can take place as well as an interferences in communications with co-workers or the boss. Be on guard for hazards around the workplace that may affect your health, or taking on of additional duties that stresses you causing an illness.

June 7, 1996 (Feb 15, 1996 to July 18, 1996)Nep SSqr Asc

Partners can easily deceive partners at this time, so rely more on your intuition about others. You will find others fudging the truth in a very convincing way and there will be an increased craving for stimulants like drugs, alcohol or caffeine.

Be careful in consulting others for advice now as well, as they may not have your interests at heart. Information received may be untrue from doctors, lawyers and counselors as they may conceal matters from you.

Once you can unmask the illusion that surrounds your relationship and you can recognize it for what it really is you can avoid a deceptive and unsatisfactory experience. Do not enter into any marriage or business commitments now because they are not what they "seem" to be. Unfortunately there should be a sign on you that says "please use me, I can use the abuse!"

You are way too trusting, easily influenced and setting yourself up for financial and business losses. People who are emotionally or mentally troubled will find you like a radio antenna set to your frequency who will "dump" all of their troubles on you. Let your imagination be just that now and put no importance on it. Perhaps what this transit is showing you is yourself in a past life and what you have done to others. Now it is your turn and you have the same vulnerability they did. Do Ya Think?

June 7, 1996 11 PM(June 6, 1996 to June 9, 1996)Ven Qucnx Ura

This is a MINOR influence and aspect, but it can take on much more importance if it occurs at the same time as other negative aspects.

The Quincunx has the annoying capability of letting us feel that the problem at hand will soon be solved, while continually eluding us and giving us FALSE HOPES through self deception and frustration.

Vacation plans can go right out the window at this time and sudden and upsetting circumstances can bring separations from loved ones. Contracts and agreements can easily be broken now, or you can be attracted to weird things in life, although they may not be necessarily good for you. Love adventures that start now are likely to end as soon as the transit does. Don't try to convince people to make changes, they might not react too well to it.

Relationships will be very disruptive for a couple of days as some moody characteristics can emerge. Repressed emotions, unfaithfulness, bohemian attitudes, a lack of direction and impulse spending are effects of this transit. This is an unfavorable time for trying out new ideas or products. Avoid any risks in love and friendships, so learn to take your time in relationships, don't get carried away now.

June 8, 1996 8 AM(June 6, 1996 to June 9, 1996) Ven SSqr Sat

This is a MINOR influence and aspect, but it can take on much more importance if it occurs at the same time as other negative aspects. Separations from friends or loved ones is possible now. The possibility of having extra cash for that good deal will be non-existent. This is not the time to ask favors from others, as they will be opposed to your ideas. Obligations should not be accepted at this time as this is a bad time for buying anything for lasting value. You will be feeling somewhat unloved and lonely for a few days. Being out and among friends can be empty and unfulfilling. Love relationships are better off left for another day and in business matters do not sign anything or get involved in financial ventures or matters of expanding your present

situation. You will find that people in authority or older than you will not be supportive to your ideas.

Disappointments with long-term effects can occur, especially if there are karmic ties to be worked out with other people in your life. Promises rendered to others will go unfulfilled now, so be careful what you promise. Restrictions and frustrations can be experienced in love and this is a good time to wait and see what happens!

June 8, 1996 (May 20, 1996 to June 27, 1996)Node Conj Jup

Relationships and associations with others will be very positive under this influence and there will be a strong urge to be included with others, making you very sociable, amiable and kind. You will be very suave and diplomatic around others and very tender and well meaning.

June 11, 1996 6 AM(June 9, 1996 to June 12, 1996)Mars Sesqu Jup

This is a MINOR influence or aspect, but it can take on more importance if it occurs at the same time as other negative aspects.

Avoid those people who do not know when to stop once they get started (in a negative way) or people that are annoying. Generosity can get out of hand, so be careful with your funds and possessions. If you cannot afford to buy something, then don't buy it now! Use caution in your spending now, as you may purchase something with lots of good will in your heart, for the wrong or undeserving people. You may find out too late that the people that you put your time, effort and love into do not have your best intentions at heart. It is therefore better to buy small gifts and offer small tokens, than to look like a major fool!

Arrogance, accidents and impulsive actions are advised against now and caution is advised in business dealings with foreigners and danger is present while travelling!

Financial mistakes can easily be made now, leaving you with egg on your face. This period is unfavorable for any legal activities and don't start any new endeavors because impatience and carelessness can be your downfall.

Relationships actually appear better than they are at this time. Unethical business practices should be avoided and use caution when dealing with others, especially foreigners. Be careful of others who encourage you to spend money or waste your time and energy as money comes and money goes very quickly now. At least it comes, so it can go, maybe that's why it came in the first place?

Challenges will excite you for a few days and impulsive and hasty actions will be your downfall as you go off like a loose cannon and more than likely wind up overextending yourself and getting involved in very UNWISE ventures. Legal and religious disagreements occur now, so avoid remarks made to others, no matter how innocent they were meant to be. Travel and trips will prove to be more expensive than you counted on through your own extravagance as well.

June 12, 1996 7 AM(June 11, 1996 to June 13, 1996)Sun SSqr Sat

This is a MINOR aspect and influence, but it can take on much more importance if it is connected to other negative aspects at the same time.

Someone in your domestic arena or friends may depart. Expect delays and obstacles to confront you, but you can overcome them, just be realistic in your approach and you will be fine.

** Colds or the flu can put you to bed for a few days and your mental outlook will be on the negative side. This is a wonderful time to establish a method of doing something you have always wanted to do. Get a plan first, then go after it. Projects that you would have never attempted before can be successfully completed now.

Selfish ambitions are number one on the hit parade now. If you are in a position of power, be careful of the little people under you. Remember if the foundation cracks, the house under you is going to fall. Do you like change? Are you being forced to make changes in your life but don't want to? Then you may not appreciate this transit. This is a very difficult time for any kind of advancement. Responsibility can really bog you down.

A time when you can feel very lonely and unloved. Your health may be vulnerable in the areas of: Teeth, back and heart. Your attitude will be very serious and you will feel like you are being held back. Perhaps you are, there is a reason for everything. As the great man said "Sometimes the answer is no!"

June 12, 1996 12 PM(June 11, 1996 to June 13, 1996)Sun Qucnx Ura

This is a MINOR aspect and influence, but it can take on much more importance if it is connected to other negative aspects at the same time.

The Quincunx has the annoying capability of letting us feel that the problem at hand will soon be solved, while continually eluding us and giving us FALSE HOPES through self deception and frustrations.

Freedom is needed, sought and desired at all costs at this time, especially from circumstances that have you tied down or restricted in some way. Sudden romances can begin at this time and end just as quickly when this transit does, so don't expect anything long term from it. This is an unfavorable time for any group activities.

This can be a time of electrical fires, so be more aware of the hazards in your surroundings. Murphys Law is in full effect now, so if it can go wrong it will, now! Hold on to something and prepare for a shock in your life! This is not a good time for private negotiations because disappointments of the major kind are to be expected.

You will experience difficulties in expressing yourself and that is hard to do with your foot in your mouth. Separations from others is possible at this time because either of you or both need your own space. You will have the advice potential of a blind man, you won't see it, or take it.

June 13, 1996 12 AM(June 11, 1996 to June 14, 1996)Mars Trine Merc

People in sales or the communication fields will enjoy success now. Home, property and family interests are all activated and mental alertness can bring quick decisions. At this time you should stick to your guns for what you believe in. This transit favors study, writing and research of any kind.

Far away dreams can occur now and this can also be a favorable time for debates. An illness is a strong possibility now, arriving quite suddenly to remind us that we are human and we need a break! You wouldn't slow down, so your body reacted with an illness. Get the point?

Explosive situations can easily get out of control at this time, and changes will seem to be imposed on you rather than chosen. Be aware that freak accidents are very possible during this transit!

It's easy to lose your cool more easily now and understand that uncommon happenings happen and most probably to you. Physical upsets can be experienced as well as traffic jams, potential fires and bad tempered people.

The influence of this transit is one of being enveloped in a cloud of constant negativity and you may find yourself just trying to get a break from yourself. Money becomes nonexistent temporarily, but like all things there is a positive side. It forces you to finish tasks that you have been working on and bring them to a successful conclusion. Once this transit ends, then everything goes back to normal, whatever normal is.

Expect nervous tension and an irritable nature to be your friend for the next couple of days, so spend some time by yourself and avoid getting into tiffs with close friends and associates.

Temporarily, you will be very erratic in your actions for no apparent reason. Avoid working on or near electrical equipment, wiring, appliances, machinery, sharp tools, fireworks or automobiles until after this transit passes. Do not give into the peer pressure that dares you to do something out of the ordinary. If this situation does arise, you might want to consider new friends. Your behavior might cause separations or permanent breakups of relationships, friends and family.

June 22, 1996 4 PM(June 20, 1996 to June 25, 1996)Ven Sqr Mars

There is no excusing abuse in relationships in any form and this transit can promote just that. Romantic quarrels are apt to be hot and heavy if you let them get out of hand. This is an excellent time to adopt a wait and see attitude before considering any actions as you can easily get yourself into situations you may regret later. Phone calls that arrive now may be a cry for help, but weigh all of the possibilities very carefully. From this energy comes the expression "When in doubt, DON'T!"

Heated emotional arguments can easily erupt now, so think twice before you speak. Situations requiring quick thinking should be avoided because the impulsive side of your nature is out of whack with the thought process. Control those outbursts before they get you into trouble. Reaping benefits of the past that are not in your favor at this time, consider that this is an adverse position for Jupiter. The results of whatever you do will have a difficult outcome and plans can go out the window or frustrated to the breaking point.

Several projects that take a lot of time may be due yesterday and this is a very restless time when conflicts with anyone in authority is ripe! Venus has entered your 6th house now. Venus is the Goddess of love and where you might find it and money matters and how you will handle it or what you might spend money on.

This is a very poor placement for the planet of love. All it wants to do is work and overdoing it at that and love relationships can become difficult. A good position for Venus for money and the job, but stay away from sweets, alcohol or drugs. Favors can be granted if you ask for them now. The planet of Love is brought down to practical levels. If Venus is harshly aspected while transiting the 6th house, there can be a lack of interest in working and an increase of rich foods that are no good for you.

FOR A FEW DAYS YOU WILL BE VERY ACCIDENT PRONE! Perhaps the Universe is trying to tell you something!

True love doesn't run regular, smooth or on time now, it can be considered more or less constipated. Neither party will be willing to give in, so let it go until a few days from now when you see it in another light. Love really stinks at this time, but don't take my word for it, it'll be a surprise.

Argumentative people will be easy to find. This is a notorious transit for mechanical breakdowns and failures in your automobile, so make sure you are not too far from a service station.

Your aggressive and positive actions will lead to disagreements and conflicts in your private relations and with the public as well. Expect to be unpopular for a few days and don't think that revenge through anger will improve your status. If you must drive, expect to be cut off, gestured and provoked. Remember this is only a test.

You will be inconsiderate of others feelings, uncooperative and downright intense, so it might be better to be alone for awhile.

Open conflicts arise can arise with others and opposition can occur while fighting for your rights. Be careful of trying to dominating others for your own ego satisfaction. Make sure to consider the rights and feelings of others especially now and remember that the need for competition is at its peak. Illnesses can also be encountered at this time.

June 30, 1996 (June 28, 1996 to Aug 19, 1996) Mars 7th H.

Mars has entered your 7th house now. Mars is the planet of intense activity and the house it occupies by transit shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy.

Tensions arrive in your life and negative relationships will suffer the consequences. Creativity is on the rise and be careful of compromising too much in any litigation or divorce. The domestic front will be very touchy with aggressive attitudes but an active participation in social activities is favored. If Mars forms a difficult aspect while transiting the 7th house, there is a danger of physical confrontations, or face disagreements in marriage or with partners.

You may realize that your thoughts may be manipulated somehow by someone in your environment which can prove to be very frustrating. Keep an eye on compulsive behavior before it starts to run your life and has you doing and saying things you would not normally say. Restorations are the way to go rather than buying a new piece of equipment. Getting to the bottom of delicate issues can be extremely difficult to do and this is a good time to relieve yourself of destructive thoughts and forgive the unforgivable.

If at all possible, perform a miracle for someone who needs one, no matter how inconsequential it may seem to you. Your insights into the workings of the world is possible and very accurate now. Secret Investments or secret matters will be prosperous at this time.

There can be some critical news received that should be acted on immediately. Perhaps there are some secret investigations going on you should be aware of. Research new ideas now, they can be insightful and fulfilling.

July 1, 1996 10 PM(June 30, 1996 to July 3, 1996)Mars Sqr Mars

Your ego may get way out of control at this time, causing you to act completely on impulse thus getting you into trouble, as usual! Irritability with others is high at this time so try aerobics or anything physical to use up that energy, but I must tell you, it won't be easy to do.

This is another one of those brief periods that your behavior can get you into trouble and you may not be feeling up to par health wise as infections, fevers, accidents or illness may have you a bit down. This is not the time to try to out race the train to the railroad crossing or try to cut someone off, wait for another day to do unto others.

In your frame of mind it will be best to work alone until this transit passes in a few days as people may try to provoke you and if you are easy to provoke, avoid those people now. Ideas presented to others will be opposed to, so don't be surprised or save them for a more ideal day. Disagreements can take place in the areas of Money, Insurance, Taxes, Wills, Land, or Alimony. Injuries may find you by way of automobiles, guns, chemicals or other methods of their own device, so use an extra amount of caution.

July 6, 1996 (June 2, 1996 to Aug 1, 1996) Ura Qucnx Sun

The Quincunx has the annoying capability of letting us feel that the problems that are before us will soon be solved, while continually eluding us and giving us FALSE HOPES through self deception and frustration.

Expect circumstances to arise quite suddenly that can make you quite "miffed" to say the very least. Matters that were previously settled and agreed to can come back to haunt you through missed correspondence and messages. Expect any accounts with debtors "NOT" to be serviced as promised, no matter how innocent the situations "were." It is important to have all of the information available when dealing with people, remember to get the names of people that you spoke to, times and dates. Keep copies of all letters for future reference.

Freedom will be sought no matter what the consequences and sudden romance begin and will end just as quickly now. This is an unfavorable time for group activity. Discrepancies in legal disputes and settlements can be found and ruinous speculation has its home here. Irregular heart actions are a direct effect of this transit and this can be a time of electrical fires, so make sure you take precautions.

Murphys Law is in full effect now, so if it can go wrong it will now so hold on to something and prepare for a shock! This is not a good time for private negotiations and disappointments in all areas of life are to be expected. Conflicts of interest can easily occur and a whole new set of problems can arise without any warning. Accident potential is rated very high now and challenges, separations and divorces are possible now.

You will experience difficulties in expressing yourself and it will be tough to do with your foot in your mouth. You will have the advice potential of a blind man now, you just won't see it, or take it.

July 7, 1996 (June 30, 1996 to Aug 25, 1996) Ven 7th H.

Venus has entered your 7th house now. Venus is the Goddess of love and where you might find it and money matters and how you will handle it or what you might spend money on.

A favorable time for marriage, affection, new love relationships with commitment, close friendships, business, feeling attractive and dealings with women. Social life picks up again and expressions of affection come very easily. If you are looking for a wedding day, try to find one that takes place during this transit. If Venus makes a harsh aspect while transiting the 7th house, relationships will be taken for granted or spend too much time in social surroundings.

July 9, 1996 (June 20, 1996 to July 27, 1996)Node Sxtil Asc

Meetings can occur now with people that you share similar interests with. Associations and get together in warm congenial surroundings that offer warmth and a sense of camaraderie, or you may be attracted to groups of people that offer good times and feelings. You can also meet people who have the same sense of purpose as

you. There will also be an increased awareness to people around you or you may work with others to solve problems that arise. You will also notice an added support that comes from others to give your ego or sense of pride an added boost.

July 21, 1996 (June 24, 1996 to Aug 15, 1996)Ura Trine MC

There will be a strong need for pursuing friendships that are void of intimate contacts and opening yourself up to brand new ideas, ways of life and career. There will be a strong and sudden urge to investigate something new as well.

This is an excellent time to change your residence or make improvements on your current property. Whatever choice you make, it will come with a swiftness known only to the planet Uranus.
