Your Astro-Forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 2000 (June 15, 2000 to July 15, 2000)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength; we can call this date the "peak date". The influence starts on the beginning date, gradually increases in strength until the peak date is reached, and then it gradually fades out until the ending date is reached. An influence may last for as little as a few days to as long as half a year or so.

You may also notice that the same interpretation shows up periodically during the year; this is not unusual. In some cases the beginning and ending dates of the 2 influences are the same; the only difference between the 2 interpretations is the peak date. This means that this particular influence has two peak dates instead of one. It is even possible for there to be three or more peak dates for the same astrological influence. To eliminate redundant interpretations, you may be informed that the astrological influence also occurred earlier and that you should refer back to the previous occurrence of this interpretation.

You may be wondering what the abbreviations after the dates are. For example, you may see "Sat Conj Plu", "Ura Trine Nep", etc. These abbreviations are given for the benefit of astrologers and they show the astrological factor that is in effect.

We hope you enjoy your Astro-Forecast. For the benefit of astrologers, some technical details are given below.

Jan 5, 2004 (Jan 4, 2004 to Feb 27, 2004) Ven 1st H.

Your desire for harmony, beauty, and gracious surroundings is stronger than usual and you avoid unpleasantness as much as possible. You're inclined to use charm, gentle coaxing, and loving persuasion rather than more direct, forceful methods to get what you want. At this time, pleasure and affection are more important to you than work, and you may be rather lazy, but pleasantly and cheerfully so.

Jan 9, 2004 (Jan 8, 2004 to Feb 8, 2004) Sun 12th H.

Retreating from the world for awhile and spending some quiet time alone to relax and rejuvenate appeals strongly to you now. You may feel like you are at a low ebb and as if nothing is happening or you may simply not want to be "where the action is". Competitive ambitions and ego drives are on hold now.

Jan 10, 2004 (Dec 29, 2003 to Jan 23, 2004) Sat Trine Nep

Deepening of spiritual understanding is a key issue now. You are able to probe matters with unusual sensitivity and depth now. You discover beautiful messages and symbolism in poetry, fairy tales, myths, and religious books. Your awareness enables you to pick up on nuances of meaning that have escaped you before. You come into contact with music, literature, and spiritual activities that are deeper and more mature than you have previously encountered. Take advantage of this time period to increase your depth of awareness and appreciation of life.

You are able to incorporate inspiring, imaginative qualities into almost any kind of work. If you are involved in an artistic, literary, or spiritual area, the effect is most

obvious, but an imaginative or exotic flourish can enter into your cooking, home decor, and other areas of life that may usually lack creativity and imagination.

This astrological influence is not particularly motivating, and you may fail to fully utilize the increased sensitivity and awareness that is available to you. People may suggest that you read a certain book, attend a lecture, listen to a new piece of music, etc. at this time, and you may make the mistake of turning down all of these invitations. Do not cut yourself off from the opportunity to experience a new level of depth in your artistic and spiritual sensitivity.

Jan 15, 2004 (Jan 14, 2004 to Jan 30, 2004) Merc 11th H.

If you belong to any club or organization, you are likely to be involved in group discussions, planning sessions, or committees at this time. Even if you don't participate in any such group, a sense of community is important to you now, and you'll be thinking about how you can take part and contribute. You will want to socialize and talk with people you share common interests and ideals with.

Jan 17, 2004 (Dec 6, 2003 to Feb 1, 2004) Jup Qucnx Asc

Unexpected increases or overexpansion creates inconvenience and stress at this time. Too many opportunities for social, professional, or community involvements can leave you feeling overwhelmed and stretched to the breaking point. This need not be troublesome if you are willing to decline some of the invitations and potential for growth which are offered now. Undue restlessness, insatiability, or a desire for something out of your present grasp is also likely.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Jan 18, 2004 (Dec 21, 2003 to Mar 1, 2004) Plu Sqr Juno

Some rather difficult marital or romantic relationship issues may emerge during this period. Your deep-seated needs, emotions, and desires are likely to create inner conflicts which need to be released or resolved. Similarly, you may unconsciously project your negative emotions onto a mate or partner and lack consideration for his or her feelings and needs. You may also compete with your loved one about who has more power or control in the relationship. Emotional confrontations and misunderstandings with your mate can be painful, intense, and dramatic and filled with complexities now. A solid, strong love relationship is likely to undergo change and renewal. However, outworn or unhealthy relationships may be destroyed or terminated. Love triangles or secret relationships may be a temptation or you may be fearful and suspicious that your partner may be involved in this type of alliance.

Jan 21, 2004 (Jan 20, 2004 to Jan 23, 2004) Sun/Nep Conj Jup

You can be inspired by religious fervor or a connection with some ideal or vision. This inspiration can fill you with ideas, but that does not mean that everyone else will see the world as you do now. You need to live with these images to see if they stand the test of time.

Jan 22, 2004 (Jan 21, 2004 to Jan 23, 2004) Ven Trine Nep

At this time you are more sensitive to beauty and also to the feelings and needs of others. It is easy for you to give generously of yourself, for you sympathize strongly with other people and spiritual values are more important than material ones at this time.

Jan 22, 2004 (Jan 21, 2004 to Jan 23, 2004) Sun Sqr Moon

Tension in your home life, conflicts between work demands and personal needs, or unresolved emotional tangles are likely to arise now, necessitating adjustments and compromises on your part.

A side of you which is usually hidden or in the background is likely to emerge now, and this may be positive or negative.

Jan 22, 2004 (Jan 21, 2004 to Jan 23, 2004) Ven Oppos Merc/Nep

This is a good day for poetry, music and art. It is a time when you can communicate in a very sympathetic manner. Your imagination is active and you may not have patience for dealing with mundane affairs.

Jan 22, 2004 (Jan 20, 2004 to Mar 12, 2004) Mars 2nd H.

If you have been passive or nonchalant about business affairs, finances, and material security, you will begin taking a more active, positive attitude toward this area of your life. Increased ambition and enterprise are likely, but arguments over money are also more frequent than usual now.

Jan 22, 2004 (Jan 20, 2004 to Jan 23, 2004) Mars Trine Ura

Increased physical courage and a strong sense of adventure combine to make this a very interesting time. You need to do something innovative, daring, unusual, liberating, exciting, and challenging. You are inclined to act on some of the wilder impulses and desires you feel from time to time. You crave stimulation. If you have an inventive streak, you could make a startling discovery or breakthrough now.

Jan 22, 2004 (Jan 21, 2004 to Jan 23, 2004) Ven Trine Merc

This is a good time to schedule social activities or even business meetings where tact and friendliness would be a plus. You act as a diplomat and harmonizer between people with differing viewpoints. Also, attending cultural events such as an art show or a play is favored. Thoughts of love, an appreciation for beauty, and an aesthetic enjoyment of your surroundings are brought to the fore. A short pleasure trip would also be beneficial now.

Jan 22, 2004 (Jan 21, 2004 to Jan 24, 2004) Ven/Sat Oppos Nep

You may be able to take a fantasy and create a framework in which it can come true. This requires a practical approach to money, resources and relationships. Being clear with others can help you be successful in making a dream real.

Jan 22, 2004 (Jan 22, 2004 to Jan 23, 2004) Merc Sxtil Nep

Your ability to concentrate on mundane concerns and problems diminishes now. The world of imagination, fantasy, entertainment, or art holds more attraction for you. Go to a movie with a friend (or write your own!). Also, your psychic sensitivity and intuition are heightened at this time. You are more impressionable and open, but somewhat less precise and clear mentally.

Jan 23, 2004 (Jan 21, 2004 to Jan 24, 2004) Ven/Ura Oppos Plu

Compulsive or obsessive behavior may erupt now. You can go to extremes in your desires for someone or something. You want what you want and can be very touchy about anyone getting in the way of your freedom of choice. Therefore, you may be able to bring some powerful emotional issues to the surface.

Jan 23, 2004 (Jan 22, 2004 to Jan 24, 2004) Merc Oppos Merc

Exchanging information, ideas, and opinions plays an important role in your life now. A significant conversation with someone who has a very different attitude or perspective than your own is likely. Try to be receptive and learn as much as you can from others at this time. Also, mental curiosity or restlessness impels you to get out and about, perhaps take a short trip or visit.

Jan 23, 2004 (Jan 21, 2004 to Jan 25, 2004) Vesta Qucnx Sun

There may be several adjustments or choices to make with regard to your career or personal goals. For example, if you have been overzealous in your plans to achieve your professional goals and have allowed this dedication to overshadow your personal life, then you will need to alter your behavior to give more attention to your close relationships and other meaningful areas of your life. Whether or not work is your primary goal in life, you may find you have alienated the important individuals in

your life because of the belief that your own sense of purpose is all that matters. You might have to sacrifice some of your own self-interest in order to achieve balance in your intimate relationships.

Jan 23, 2004 (Jan 21, 2004 to Jan 25, 2004) Mars Conj Merc/Jup

You can have the ability to explain complicated concepts and to engage the minds of others and teach them what you want them to learn. You can be enthusiastic and full of new ideas yourself, able to fit the tiny details into the big overall picture.

Jan 23, 2004 (Jan 22, 2004 to Jan 24, 2004) Sun Sqr Ven

Your desire for love and affection, as well as beauty and pleasure, is strong now and you act on feelings and creative impulses more readily than usual. If you are not happy with some aspect of your personal life, these issues arise at this time and there may be disagreements or tension in a close relationship.

Jan 23, 2004 (Jan 22, 2004 to Jan 24, 2004) Sun Conj Jup/Sat

This is a good time for long-range planning and for seeing the big picture. You can develop strategies now which can influence you for a long time to come. Think big because the basic structures of your life can be shifted now.

Jan 23, 2004 (Jan 22, 2004 to Jan 24, 2004) Sun Sqr Ceres

Taking care of others now seems like a burden. Unreasonable demands of your time and energy leave you feeling somewhat like a pushover. Your flexibility will be tested now as domestic matters become pressure-packed. You may have to deal with criticism regarding the way you handle your obligations and domestic responsibilities. Your loyalties can be divided between your children and spouse, one or the other getting more of your attention at this time. Before you can spend time with your own independent pursuits, you may be tied down to fulfilling your duties at home.

Jan 24, 2004 (Jan 23, 2004 to Jan 25, 2004) Sun/Ven Oppos Ura

This is a time when you may be able to present very unusual or original ideas in an attractive, non-threatening form. You may also find that you enjoy being different and can receive approval for your unique way of being.

Jan 24, 2004 (Jan 22, 2004 to Jan 25, 2004) Vesta Qucnx Mars

During this period, you may be asked to make important decisions or changes in your work or career. It is essential to control your impulse to act in haste with regard to your employment, especially if other people are provoking confrontations and

discord in the work environment. You may feel you are being pushed to your limits, specifically because you may be working hard but receiving little appreciation from others. You would probably prefer to work alone just now but you inadvertently invite competition, as others feel jealous or resentful of the sheer determination and effort you put into your work activities.

Jan 24, 2004 (Jan 21, 2004 to Jan 27, 2004) Mars/Plu Oppos Ura

If anyone tries to get in the way of your freedom, you may react strongly at this time. Ideally, you can use this period to look at your original ideas and commit yourself to acting on them and bringing them to life. Be careful not to overreact to outside pressures.

Jan 24, 2004 (Dec 1, 2003 to Feb 6, 2004) Jup Sqr Sun

Daily chores and details are annoying to you now. Your eye is on greener pastures. Suddenly you feel dissatisfied with your lot in life or with possessions or people that did not bother you before.

Your aspirations soar during this time period. This can spur you to discover ways of improving your life and career. You are also more willing to take risks and speculate. Your luck is better than usual now, but your inclination to be overly optimistic is even greater! Consequently, you are likely to overshoot the mark, push for what you want too hard, and be seen by others as being rather arrogant and self-centered.

In short, you should certainly spread your wings during this time period and seek out new opportunities for growth and advancement, but try to curb wild and unrealistic ideas of what benefits can accrue. With a little care and attention to detail, you can, indeed, help turn the corner, bringing yourself a step closer to your goals.

Jan 25, 2004 (Jan 24, 2004 to Jan 26, 2004) Sun Sqr Vesta

You may find yourself at an impasse regarding a concern at work. Although a minor setback or delay is possible, you may do best now by maintaining a low profile. Conflicts of interest may arise between you and a superior or co-worker, leaving you feeling you do not get the respect or approval you seek. Your own leadership qualities may not be noticed or appreciated in ways that support your professional interests. Try not to assess your self-worth only on the basis of what you can accomplish at work now. Hold on to your self-confidence and take this time as an opportunity to gain further understanding of your vocational purposes and directions.

Jan 25, 2004 (Jan 22, 2004 to Jan 28, 2004) Pal Sxtil Sun

You have an opportunity to network with others to accomplish your creative or intellectual drives. The benefits you receive will be directly linked to your urge to be

assertive and successful in using your abilities, while others provide you with their support and cooperation. This can be an extremely fruitful period for demonstrating your potential, talent, and drive with individuality.

People in authority or your superiors may offer you new avenues to express your knowledge or creative achievements in the business world.

Jan 25, 2004 (Jan 24, 2004 to Jan 27, 2004) Merc/Ura Conj Jup

This is a time to be brilliant, original and exciting in your thinking. You have the ability to bring a totally new perspective to a variety of issues. Your intuition may be functioning very well, but you could lack the patience for dealing with details in a patient manner.

Jan 25, 2004 (Jan 24, 2004 to Jan 26, 2004) Sun Conj Moon/Nep

You can act on your highest ideals, feed the poor, save the whales and make your dreams come true. Dreams can be acted upon now and fantasies moved in the direction of reality. Your creative and theatrical skills may be at a very high level.

Jan 26, 2004 (Jan 25, 2004 to Jan 27, 2004) Sun Qucnx Plu

Past mistakes, infringements, or secrets come back to haunt you now, but you may feel that your hands are tied in any attempt to rectify these matters. Areas or relationships in which you have misused authority and control cause distress at this time. While direct action to resolve or balance these problems may not be possible, you must be aware of what is going on, lest an unconscious collusion on your part contributes to the situation. Avoid either the victim's or the tyrant's role.

Jan 26, 2004 (Jan 25, 2004 to Jan 27, 2004) Ven Sqr MC

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

Jan 26, 2004 (Jan 24, 2004 to Jan 28, 2004) Sun/Ura Oppos Mars

This is a time when you want to do things in your own way. You may be rebellious, unwilling to compromise, perhaps even aggressive. It is great that you can have this spirit of independence, but be sure to move carefully to avoid accidents or explosions.

Jan 26, 2004 (Jan 25, 2004 to Jan 27, 2004) Sun Conj Ven/Nep

This is a very romantic time when fantasy can walk right in the front door. Of course, reality will return so try not to let your imagination run too wild. You can be extremely sensitive to your surroundings so put yourself in a beautiful place if you can.

Jan 26, 2004 (Jan 23, 2004 to Jan 29, 2004) Pal Sxtil Asc

You want to be stimulated by new ideas and experiences in your mental exchanges with partners, associates and close friends. Others will lend support for your creative and career desires, offering assistance and beneficial advice to you. There is an easy flow of communication with others, focusing on intellectual, rather than intimate or emotional, interrelating. You seek companionship that inspires you and have a tendency to put romantic passion on the back burner for now.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Jan 26, 2004 (Jan 23, 2004 to Jan 29, 2004) Pal Trine Mars

This can be a rewarding time, when you are aroused with inspiration and a creative flow of energy. If you are an artist, inventor, teacher or in some other creative field, this can signify a period when your accomplishments prove advantageous for you. It is easier to receive assistance from those in authority or your superiors. There may be a male acquaintance who is especially helpful to you during this period.

In a close relationship or marriage, you feel comfortable expressing your aggressive or assertive drives to your partner. Your mate understands your urge to "lead" and responds instinctively to your desires.

Jan 27, 2004 (Jan 26, 2004 to Jan 28, 2004) Ven Conj Moon/Sat

This is a time to clarify relationship issues, to deal with unfinished business and to talk frankly about what you expect of one another. You are capable of being adult and mature while maintaining a friendly attitude at the same time.

Jan 27, 2004 (Jan 26, 2004 to Jan 28, 2004) Sun Conj Jup

You feel expansive, enthusiastic, and optimistic now. You want to reach out, do more and experience more. You benefit greatly from the opportunities that present themselves at this time, and a person who will be very influential and helpful to you may come into your life.

Jan 27, 2004 (Jan 24, 2004 to Jan 30, 2004) Juno Trine Moon

This period brings about pleasant feelings between you and your mate. Your relationship will be emotionally satisfying to you, and there will be opportunities to grow closer to each other through expressing your deepest inner feelings. Although there is a protective quality about the relationship now, you can rely upon your partner to be trustworthy, devoted and appreciative toward you. You are attracted to the more traditional, committed style of companionship and may prefer to spend time with your mate in a secure and comfortable domestic environment.

Jan 27, 2004 (Jan 26, 2004 to Jan 28, 2004) Merc/Mars Oppos Plu

This is a time of intense concentration and powerful communication. Harsh words may erupt as old resentments come to the surface. However, if you stay on a vital subject, your mind is capable of penetrating insights which may deeply affect others.

Jan 28, 2004 (Jan 26, 2004 to Jan 29, 2004) Merc/Nep Conj Sat

This can be a time of difficult communications. There is a need to deal with serious issues, but you may not want to face them head-on. Perhaps you can accomplish your objectives indirectly, but there can also be some confusion along the way.

Jan 28, 2004 (Jan 27, 2004 to Jan 29, 2004) Sun Oppos Merc/Plu

You have the power to convince others now. You can communicate with depth, intensity and passion as you express your ideas. Be careful about pushing too hard as power struggles may arise. Stay focused and stick to your point.

Jan 29, 2004 (Jan 9, 2004 to Feb 16, 2004) Ura Sxtil Moon

Spontaneous, carefree, enjoyable times shared with close friends and family make this time period a very positive one. Games, sports, dancing, music, joking, and other lively entertainments are highlighted. This is an excellent time to plan lively get-togethers and parties, especially with close friends or family.

You are able to communicate with others in a very spontaneous and free, uninhibited manner now. You are less inhibited than usual and others do not take offense to your joking or frankness.

Your mood is upbeat and you may decide to make some interesting changes in your surroundings and home. For example, you may change the decor of your home or make some changes to your home. You may also make some changes in your personal habits, and this is an excellent time to quit a bad habit. You will find it relatively easy to stop smoking or improve your diet, for example.

This astrological influence is not an extremely powerful one so don't expect earth shaking changes, but it does bring the potential for significant improvements in personal habits and increased spontaneity in your life.

Jan 29, 2004 (Jan 28, 2004 to Jan 30, 2004) Sun Sqr Nep

Confusion, inability to focus on mundane tasks, poor understanding or miscommunication between yourself and others, and the desire to evade real responsibilities and challenges are negative potentials for you now. You are more sensitive, impressionable, dreamy, or idealistic at this time also.

Jan 29, 2004 (Jan 28, 2004 to Jan 30, 2004) Ven Sqr Sun

Your desire for pleasure, ease, and affection is brought to the fore and may interfere with work or complicated situations in which you need to be acting assertively and on your own behalf. Your mood and attitude is conciliatory, and your need for love and approval heightened. Social gatherings and personal relationships are favored.

Jan 29, 2004 (Jan 28, 2004 to Jan 30, 2004) Sun Qucnx Merc

Communications are delayed or interfered with now. Somehow, the message you intended and the one that was received or perceived are not quite the same. There is quite a bit of static on the line, metaphorically and quite possibly literally as well. You also find that the way others talk or try to convey their ideas is grating and just goes against your grain. Try not to let their minor irritations get blown out of proportion. Most likely it is style rather than substantive disagreements which cause tension now.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Merc Qucnx Sun

An incident involving miscommunications, missed messages, or missed meetings which causes a change of plans is likely. Co-workers, secretaries, receptionists, and other people you may normally take for granted, but who keep the flow of your life running smoothly, may be unaccountably inconsistent or simply keep you at bay. You may also get a bit of news that you will wish you hadn't. Try to take these minor annoyances and irritations in stride.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Ven/Jup Conj Sun

This can be a very fortunate time for you, a period in which things may just come your way. You have optimism on your side and the ability to create an attractive and open atmosphere which brings positive things to you. Enjoying yourself and getting some favorable reviews from others seems likely now.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Ven Qucnx Mars

Tensions in an intimate relationship make themselves felt now. You may feel out of sync with your partner, dissatisfied in a way that may be difficult to pinpoint and resolve. Most likely, you are pulled between pleasing your partner and expressing your own desires and needs. Your love rhythms are a bit off. This affects all your relationships but particularly those that are sexual in nature.

In social settings, some awkwardness, inappropriate or excessive affection, or unwanted sexual advances are likely.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Merc Oppos Sun/Mars

You may speak and respond quickly, perhaps even impulsively. Your words can feel like swords so be gentle in how you express yourself. New ideas are favored, but aggressive communication is also a possibility.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Merc/Ven Oppos Mars

This can be a period of lively communications. Your mind may be very fertile now and you can very likely express these ideas in an attractive manner. This can also be a good time to settle disputes with intelligence and good humor.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Sun/Merc Conj Sat

You can see where you are blocked right now. You have a clear perception of the responsibilities before you and the best ways to meet them. You can speak with authority and may impress people with your professionalism.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Merc Quinx Mars

Your mind is on accomplishment and action, and there is a competitive edge in your speech or manners. You may be brusque, even rude, especially with people who are taking up your time unnecessarily. Be careful while running errands, particularly in traffic. Your sense of timing is a bit off and combined with your impatience, you could have an unfortunate run-in.

Jan 30, 2004 (Jan 29, 2004 to Feb 18, 2004) Merc 12th H.

This is a good time for quiet study and inward reflection. Your intuition and sensitivity to the hidden, behind the scenes aspects of a situation are operating strongly now. However, you are less inclined to speak your mind or take a definite stand on important matters. A wait-and-see attitude is likely to characterize this time period.

Jan 30, 2004 (Jan 25, 2004 to Feb 5, 2004) Ceres Qucnx MC

Problems can arise in either your domestic or work environment which result in impositions and adjustments in your personal or professional life. For instance, you may have to accept more duties and obligations to your mate, children, or other family members, causing you to become upset over neglecting your own needs and aspirations. Conflicts with your employer or supervisor require clarification of your job responsibilities and position in the company. Decisions that you make at this time demand that you do some mature, sensible thinking before taking action of any sort.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Jan 30, 2004 (Jan 29, 2004 to Jan 31, 2004) Ven Conj Moon/Jup

You feel buoyant, free, alive and full of joy and optimism. This is an excellent time to play, to socialize, and to create joy and beauty in your life. Just make sure your optimism doesn't run away with you and lead to your overestimating someone or something.

Jan 31, 2004 (Jan 29, 2004 to Feb 2, 2004) Vesta Qucnx Ura

Minor incidents at work may cause you to feel temporarily unsettled or disturbed. Other individuals may unexpectedly interfere with or change your work assignments, forcing you to adapt to awkward situations. You may feel you have little choice but to adhere to new conditions in your work environment. Fortunately, if you use this time to re-examine your goals and objectives, you may effectively release outdated concepts or work habits which no longer serve a purpose. If you have been too attached to your work, neglecting your personal life and relationships in the process, then you will need to reassess your priorities and commitment to loved ones.

Jan 31, 2004 (Jan 30, 2004 to Feb 1, 2004) Merc Oppos Sun/Ura

You may feel like it is all or nothing, no compromise will satisfy you, or that you are prostituting your original intent for the sake of worldly demands. It would be wise to slow down and not to insist on an either/or solution. You may have to sacrifice something, at least temporarily, but more likely if you just wait and be patient, you will be able to achieve your goals later.

You may be planning to reconstruct or change a particular area of your life, especially if it involves others imposing their restrictions or limitations on you. You need to gain some perspective on whether you are only seeking release from a feeling of restlessness, or if change is really warranted. Guard against hasty or rash decisions and, instead, proceed calmly and cautiously, trusting your inner voice to guide you. Although you may be in competition with the traditional views of others, you must refrain from having a "know it all" attitude. By reflecting inward, you may be able to learn more about life and gain fresh insights and greater understanding.
